

CONSTIPATION POISONS

the blood. Perfect elimination is indispensable to health. Stimulate the liver, open the bowels, and get the system into a good habit by taking Hood's Pills, the oldest reliable family cathartic. Do not irritate nor gripe. Price 25c. of all druggists or promptly by mail of C. I. Hood Co., Lowell, Mass.

CHAPPED HANDS
AN AWFUL SIGHT

Sore, Red and Rough. Continually Cracking Open. Could Not Put Them In Water At All.

HEALED BY CUTICURA
SOAP AND OINTMENT

"I was troubled with chapped hands which first started from exposure to the air. My hands were sore and red and rough and were continually cracking open and bleeding. They were so sore I could not put them in water at all nor even sweep the floor. They were swollen and an awful sight and I didn't want anyone to see them."

"I noticed Cuticura Soap and Ointment advertised and I sent for a sample. The sample seemed to do so much good that I bought more, and after I had used two bars of Cuticura Soap and one-half box of Ointment my hands were healed." (Signed) Miss Mae Mattis, 33 Whipple St., Pittsfield, Mass., Aug. 1, 1915.

Sample Each Free by Mail With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

General Sporting Notes.

The Dartmouth team have held their last practice of the week, and showed some wonderful work in their line plugging, the varsity breaking through the scrubs' line and around their ends until they rolled up a score of 21 to 0. Edwards and Gerrish put through some good work in piercing the line of their opponents and receiving forward passes. Cancell showed good ability in throwing the forward passes. There were several of the first string men resting up for the game with Pennsylvania on Saturday.

DRINK MORE WATER
IF KIDNEYS BOTHER

Eat Less Meat and Take Salts for Backache or Bladder Trouble.

Uric acid in meat excites the kidneys, they become overworked; get sluggish, ache, and feel like lumps of lead. The urine becomes cloudy; the bladder is irritated, and you may be obliged to seek relief two or three times during the night. When the kidneys clog you must help them flush out the body's urinous waste or you'll be a real sick person shortly. At first you feel a dull misery in the kidney region, you suffer from backache, sick headache, dizziness, stomach gets sour, tongue coated and you feel rheumatic twinges when the weather is bad.

Eat less meat, drink lots of water; also get for any pharmacist four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean clogged kidneys and stimulate them to normal activity, also to neutralize the acids in urine, so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive, cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep the kidneys clean and active. Druggists here say they sell lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.—Adv.

23 STATES NOW
IN DRY COLUMN

Four Added in Last Election—Three in Doubt

OTHER STATES
TIGHTEN THE LID

Drys Meet Defeat in California and Missouri

Chicago, Nov. 10.—Indications are that more than half of the 48 states of the union have been put into the dry column. Those which were added to the list by the election Tuesday making the total dry states 23 are Michigan, Nebraska, South Dakota and Montana, with possibilities in Oregon, Utah and Florida.

The territory of Alaska has also been added to the dry possessions of the United States.

The states which voted on the liquor question in which the dry forces seem to have been defeated, although the returns are not all in, are California and Missouri.

The beer amendment to the prohibition act, permitting the manufacture and sale of beer in original packages to the ultimate consumer, has been snowed under in Colorado, latest returns yesterday indicated. Thirsty Coloradans will continue to acquire "original packages" from Cheyenne, Denver's nearest oasis.

E. Scott McBride, superintendent of the Illinois State Anti-Saloon league, explained the situation in these words: "A number of victories were gained for dry legislation in the defeat of propositions put forward by the wets which the wets intended should act as checks on the dry movement. In Colorado an attempt was made to secure an amendment favoring the use of beer under certain restrictions, and in South Dakota and Arkansas the wets championed local option as against state-wide prohibition. In each instance the plans of the wets were defeated."

"The victory in Utah and in Florida was the election of a legislature favorable to dry legislation. The legislature is expected to promptly pass statutory prohibition. In Utah the last legislature passed such legislation by an eight to one vote, but the measure was vetoed by the governor. The indicated election of a dry governor this time makes the anti-liquor legislation certain."

"In the other southern states which voted dry the people voted directly on the issue. "The state-wide victories against the saloon were secured through the organization of the Anti-Saloon league in the various states and give great encouragement to the aim of the league, a saloonless nation by 1920."

A forecast of the plans of the Illinois Anti-Saloon league was also made by Supt. McBride.

"The state Senate will be dry by a large majority," he said. "Out of 51 senators there will be not less than 20 who are dry, and there may be 34. In the House our chances are good for a majority, although we are not yet certain of it. We elected Hicks of Rockford, one of three independents who ran."

ILLINOIS WOMEN

EAGER VOTERS

89 Per Cent of Those Registered Cast Ballots in Presidential Election.

Chicago, Nov. 10.—Illinois politicians have drawn two conclusions from the returns of the first presidential balloting in Illinois in which women voters took part:

First—As the men vote, so go the women.

Second—Few women fail to vote. Down-state figures are incomplete yet, but full Chicago returns show that in only four wards did the women's plurality go different from the male choice and in those by only small margins. The same ratio held for down-state districts. Although barred from voting on the governorship and other important state offices, women polled 89 per cent of their registered vote in Chicago, only 3 per cent less than the men with unlimited suffrage.

Minor parties have little to expect from woman suffrage, figures indicate. Prohibition, Socialist and Socialist Labor candidates together received only 5,000 of the 305,984 women's votes in Cook county. Illinois will pile up a woman's vote of more than 750,000, estimates indicate.

Several western states have equal suffrage for the first time this year, but the close presidential race has absorbed attention and little has been gathered from these states by suffrage leaders.

LADIES! SECRET TO
DARKEN GRAY HAIR

Bring Back Its Color and Lustre with Grandma's Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.—Adv.

GERMANY HEARS
WILSON LOST
AND REJOICES

The Newspapers Attribute His Defeat to the Vote of the Teutons.

Amsterdam, Nov. 10.—Based on the Reuter announcement in Europe that President Wilson had been defeated in his race for re-election, German papers attribute the result to the German-American vote. The Cologne Gazette in conspicuous comment says:

"They [the German-Americans] have not forgotten that President Wilson questioned their American patriotism and at the same time closed both his eyes to England's war of starvation against women and children, and that under Wilson America became a great ammunition depot for our enemies. Now they have squared accounts with him."

The Cologne Volkszeitung said: "In German-American circles Wilson's defeat was received with great rejoicing."

ITALIANS CAPTURED 20
GUNS IN CORSO DRIVE

This Total Included Three Howitzers and 13 of Medium Calibre.

Rome, via London, Nov. 10.—Italian forces in their offensive against the Austro-Hungarian positions on the Carso front have captured a total of 20 guns, including 13 of medium calibre, according to the Italian official statement issued yesterday. The text reads:

"On the whole front there were only intermittent bombardments, hindered by bad weather. "On the Carso another battery of three howitzers, six-inch, with much ammunition, which had been abandoned by the enemy, was found on Monte Pecinika. "A total of 20 guns have been captured during the last offensive. They include 13 of medium calibre."

FOREIGNERS FLEE CHIHUAHUA.

Fear That Villa Will Attack Sends French, British and Chinese to Border.

El Paso, Tex., Nov. 10.—Passengers arriving from Chihuahua City brought a report that a special train was being prepared there to bring the French and British residents of Chihuahua City to the border. Chinese residents also are coming from the state capital. It is feared that Villa is preparing to attack.

STOPS ANY COLD
IN A FEW HOURS

"Pape's Cold Compound" Opens Clogged Nose and Head and Ends Grippe.

Relief comes instantly. A dose taken every two hours until three doses are taken will end gripe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages in the head, stops nasty discharge or nose running, relieves sick headaches, dizziness, feverishness, sore throat, sneezing, soreness and stiffness. Don't stay stuffed-up. Quit blowing and snuffling! Ease your throbbing head. Nothing else in the world gives such prompt relief as "Pape's Cold Compound," which costs only 25 cents at any drug store. It acts without assistance, tastes nice, causes no inconvenience. Be sure you get the genuine.—Adv.

WAR RISK RATE JUMPS.

Marine Underwriters Increase It 5 Per Cent on American Vessels.

New York, Nov. 10.—Marine underwriters here yesterday advanced to 5 per cent the war risk rate on American vessels in Mediterranean waters.

DRINK HOT WATER
IF YOU DESIRE A
ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ash, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a tea-spoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vast, because the skin pores do not absorb impurities into the blood, while the bowel pores do.—Adv.

UP GOES CRY
OF FRAUD

Complaints Pour into Department of Justice at Washington

INVESTIGATOR IS
SENT TO MINNESOTA

Nation Won't Be Satisfied Till Final Count in Close States

Washington, Nov. 10.—Complaints of fraud or error in election returns have been pouring into the department of justice for twenty-four hours, and already Hinton J. Clayburgh, chief investigator in charge of the Chicago office of the bureau of investigation, has been sent to Minnesota. Department officials refuse to state the nature of the complaints or to say whether they are made by Republicans or Democrats, but it may be presumed that both sides have been making charges. Practical politicians are disturbed by no fears of serious friction or any repetition of the conditions of 1876, however. For a day or two matters may be lively in some precincts where the votes are still being counted, especially after the election officers learn how vitally important to the outcome their work is. But the election machinery of the country is efficiently and on the whole fairly organized and official recounts in closely contested states will settle the decision between Hughes and Wilson so effectively that the nation will be satisfied with the accuracy of the final count.

Owing to the failure of candidates for Congress to report results to the Republican congressional committee in Washington, that committee is as much at sea as to the complexion of the next House as any other political organization. In fact, officials at committee headquarters yesterday real with grateful surprise the estimate of the New York Times giving the House to the Republicans by about ten majority over the straight Democratic membership.

Politicians were slightly stirred yesterday by a rumor that owing to the state law in California presidential electors in that state are elected by congressional districts and therefore the state might be split between Hughes and Wilson. Research by officials of the department of justice failed to disclose any basis for this assumption. The law provides for a listing of all of the electors by assembly districts but evidently they are elected by the voters of the state at large. Two years ago Roosevelt won eleven of the California electors and Wilson two, but this was because the voters so marked their ballots as to give these results.

The impression grows in Washington that notwithstanding the official returns may apparently decide the election within the next twenty-four hours, the verdict will not be accepted until recounts have taken place in all the close states. Merely a suggestion of error is sufficient to cause a recount.

VERMONT CROP REPORT

Shows Less Corn Production and Less of Oats.

Washington, D. C., Nov. 10.—The summary of the November crop report for Vermont, as prepared by the bureau of crop estimates, is as follows:

Corn—Estimate this year, 1,720,000 bushels; production last year, final estimate, 2,256,000 bushels.

Wheat—October estimate, 25,000 bushels; production last year, final estimate, 30,000 bushels.

Oats—October estimate, 2,528,000 bushels; production last year, final estimate, 3,483,000 bushels.

Burley—October estimate, 302,000 bushels; production last year, final estimate, 420,000 bushels.

Potatoes—Estimate this year 2,580,000 bushels; production last year, final estimate, 2,592,000 bushels.

Hay—September estimate, 1,731,000 tons; production last year, final estimate, 1,310,000 tons.

Apples—Estimate this year, 1,104,000 barrels; production last year, final estimate, 324,000 barrels.

Prices—The first price given below is the average on Nov. 1 this year, and the second the average on Nov. 1 last year. Wheat, — and 115 cents per bushel. Corn, 111 and 83. Oats, 64 and 52. Potatoes, 106 and 74. Hay, \$12.40 and \$15.40 per ton. Eggs, 41 and 39 cents per dozen.

The United States report for November is as follows:

United States.

Corn—Estimate this year, 2,640,000,000 bushels; production last year, final estimate, 3,084,335,000 bushels.

Wheat—October estimate, 607,557,000 bushels; production last year, final estimate, 1,011,505,000 bushels.

Oats—October estimate, 1,229,182,000 bushels; production last year, final estimate, 1,540,262,000 bushels.

Burley—October estimate, 183,336,000 bushels; production last year, final estimate, 237,000,000 bushels.

Tobacco—Estimate this year, 1,150,000,000 pounds; production last year, final estimate, 1,060,587,000 pounds.

Potatoes—Estimate this year, 289,000,000 bushels; production last year, final estimate, 359,103,000 bushels.

Hay—September estimate, \$6,153,000 tons; production last year, final estimate, \$5,225,000 tons.

Apples—Estimate this year, 67,700,000 barrels; production last year, final estimate, 76,670,000 barrels.

Cranberries (3 states)—Estimate this year, 413,000 barrels; last year, 428,000 barrels.

Prices—The first price given below is the average on Nov. 1 this year and the second the average on Nov. 1 last year. Wheat, 138.0 and 93.1 cents per bushel.

HELPFUL HAIR HINTS

Worthy the Attention of Everyone Who Would Avoid Dandruff, Itching Scalp, Gray Hairs and Baldness.

"What will stop my hair coming out?" Reply: Parisian Sage is the best remedy for hair and scalp trouble; said to prevent baldness, grayness and dandruff.

"Before going to bed, I always rub a little Parisian Sage into my scalp," says a woman whose luxuriant, soft and fluffy hair is greatly admired. This stops itching scalp, keeps the hair from falling out and makes it easy to dress attractively.

Beautiful, soft, glossy, healthy hair for those who use Parisian Sage. You can get a bottle of this inexpensive French hair dressing from the Red Cross Pharmacy and druggists everywhere, with guarantee of satisfaction or money refunded.—Adv.

Corn, 85.0 and 61.9 cents. Oats, 40.0 and 34.9 cents. Potatoes, 136 and 60.8 cents. Hay, \$10.68 and \$10.83 per ton. Cotton, 18.0 and 11.6 cents per pound. Eggs, 32.0 and 26.3 cents per dozen.

Colds Cause Headache and Grip LAXATIVE BROMO QUININE removes the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature is on box. 25c.—Adv.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. His efforts to banish it brought out these little olive-colored tablets.

These pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel, but to let Dr. Edwards' Olive Tablets take its place.

Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" clouded brain and how they "perk up" the spirits. 10c and 25c a box. All druggists.
